---

- HTML, CSS, Javascript, Typescript
- Reactjs, NextJS (SSR, SSG, App Router, Page Router, React Server Component), AstroJS, NodeJS
- Jotai, Redux, React Context API, Zustand, TanStack Query
- Jest, Vitest
- Tailwind CSS, Styled Component, Ant Design, Shadcn
- Turborepo, Nx
- AI Devtools: Cursor, ChatGPT, Figma Context MCP
- Languages: Indonesia (Native), English (Professional working proficiency)

## Experiences

---

### Apple Developer Academy @Binus, Bali

Evermos | Part-time (Bali) | Mar 2026 - Present

*Skills: iOS Development, Project Management, UI/UX Design, User Research*

### Frontend Engineer II

Evermos | Full-time (Bandung) | Jul 2025 - Mar 2026

*Skills: Typescript, TailwindCSS, Reactjs, Nextjs, AI Devtools, Turborepo, Vue, Nuxtjs, SWR*

Projects: [Everpro Shipping Dashboard](#)

- Developed and maintained scalable front-end systems using [Next.js](#), [React.js](#), TypeScript, and TailwindCSS and Monorepo
- Continuously improved development workflows, tooling, observable and performance (oxlint, pnpm, and sentry)
- Maintaining old system with Vue and Nuxt2

## Senior Frontend Engineer

Deals Jobs (YC W22) | Full-time (Remote) | Dec 2022 - Jul 2025

*Skills: Typescript, Javascript, TailwindCSS, Reactjs, Nextjs, Jest, AI Devtools, Turborepo*

Projects: [Kantorku.id](#), [Dealls ATS](#)

- Led and mentored a front-end team, providing technical guidance and code quality oversight
- Integrated AI tools to streamline development and boost team productivity
- Developed and maintained scalable front-end systems using Next.js, TypeScript, and TailwindCSS
- Collaborated with back-end engineers to ensure seamless API integration
- Conducted code reviews and implemented unit testing with Jest
- Continuously improved development workflows, tooling, and performance

## Learning Facilitator

Binar Academy | Part-time (Remote) | Jul 2022 - Dec 2022

- Taught and mentored students on Git, JavaScript, React, Redux, and CI/CD
- Delivered lessons on SSR, SEO, and testing strategies using Next.js and Jest
- Helped students reach learning milestones and build real-world web applications

## Frontend Engineer

EKRUT | Full-time (Remote) | Dec 2021 - Dec 2022

*Skills: Typescript, Javascript, Reactjs, Nextjs, Jest*

Project: [ekrut.com](#)

- Maintained and developed front-end ecosystem across 4 major projects
- Migrated JavaScript codebase to TypeScript for better reliability and scalability
- Optimized UI components for performance and SEO
- Implemented caching and prefetching strategies using React Query
- Resolved SEO and metadata issues on EKRUT's blog, significantly boosting performance

## Full Stack Engineer

infocimahi.co | Freelance (Remote) | Mar 2020 - Feb 2022

*Skills: Typescript, Javascript, JAMStack, Nodejs*

Project: [infocimahi.co](#)

- Designed and developed JAMStack websites using GhostCMS and Next.js
- Built internal tools to streamline content workflows and boost team productivity

## Frontend Developer

PT Svara Inovasi Indonesia | Full-time (Bandung, West Java, Indonesia) | Jun 2020 - Dec 2021

*Skills: JavaScript, ReactJS, NextJS, TypeScript, Jest, Nodejs*

Project: [svara.id](#), [play.svara.id](#)

- Built and maintained internal analytical dashboards and public web apps
- Designed and translated UI/UX designs into high-quality, responsive components using React and Next.js

- Collaborated with the backend team using LoopBack 4 and TypeScript
- Participated in UI/UX discussions and sprint planning with the product team

### **Javascript Developer**

PT Svara Inovasi Indonesia | Part-time (Bandung, West Java, Indonesia) | Dec 2019 - Jun 2020

*Skills: JavaScript, ReactJS*

- Developed web applications using React.js and Redux
- Contributed to UI implementation and state management features

### **Web Developer Intern**

PT Svara Inovasi Indonesia | Internship (Bandung, West Java, Indonesia) | Jul 2019 - Dec 2019

*Skills: JavaScript, ReactJS*

- Supported front-end development tasks for internal projects
- Assisted in converting UI designs into working React components

## **Education**

---

### **Telkom University**

Bachelor's degree, Informatics | Feb 2022 - Present

*Key Courses: Data Structures, Algorithms, Web Development, Human-Computer Interaction, Machine Learning, Software Engineering, Operating Systems, Computer Networks*

Top-ranked private university in Indonesia, known for its strong focus on technology, innovation, and industry-oriented education. Attended flexible schedule program designed for working professionals.

### **SMK Negeri 1 Cimahi**

Vocational High School, Software Engineering | 2017 - 2020

SMK Negeri 1 Cimahi is one of the best public vocational high schools in Indonesia, renowned for its excellent education in technical fields, especially in software engineering and IT.

## **Leadership and Activities**

---

### **BandungDev**

Internal Team | Aug 2023 - Present

- Supported various tech events and initiatives to grow the local developer community
- Assisted in organizing, promoting, and running community meetups and talks

### **GDCoC Telkom University Bandung**

Core Team | Nov 2024 - Present

- Assisted in organizing and leading technical workshops, coding events, and knowledge sharing sessions.

- Helped fellow students enhance their skills in modern web development and Google technologies.

#### **Forum OSIS Jawa Barat**

Lead Graphic Designer (Scholarship Project) | Nov 2022 - July 2023

- Created design systems and brand guidelines to ensure visual consistency
- Directed overall design art style and set quality standards
- Produced graphic content including storygrams, feed posts, and video thumbnails
- Led and mentored the design team; conducted regular design reviews

#### **Forum Pelajar Kota Cimahi**

Facilitator | Apr 2021 - May 2022

- Supported new teams in achieving goals and accelerating growth
- Provided technical assistance and guidance when needed

#### **Forum Pelajar Kota Cimahi**

Member | Jun 2019 - Apr 2021

- Assisted in maintaining consistent Instagram feed design
- Contributed to various graphic design needs across projects
- Collaborated with cross-functional teams to support visual content creation
